

Kantinapp User Manual

For parents, students and staff
at the Junior & Senior School

Creating and editing your account

- Create an account by signing in through Facebook, Google or Apple.
- Alternatively, you can create an account using your email account. To do this, press "Register".
- Once an account is created, your personal details will appear in your profile.
- Parents ordering for their children are advised to edit their profile and replace their name with their child's name and class year. This way, the canteen staff will be able to identify the student for whom the order is placed.

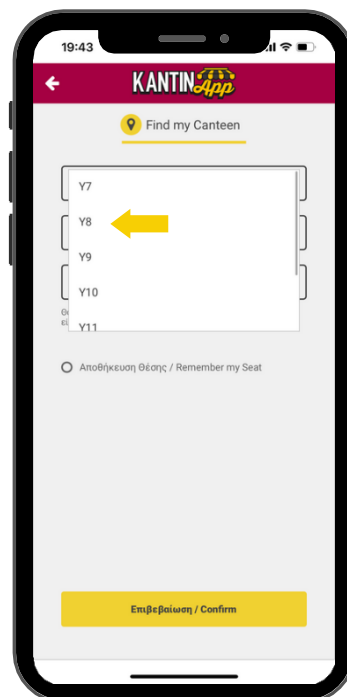

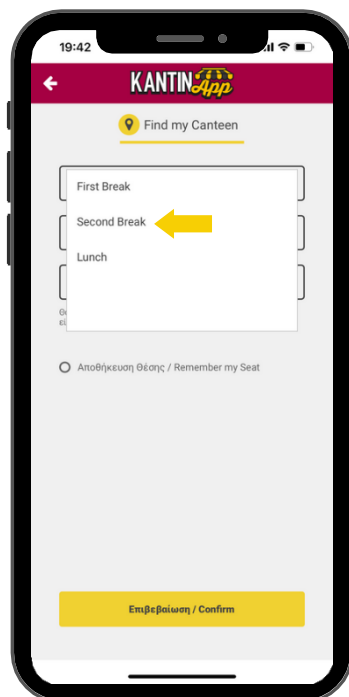

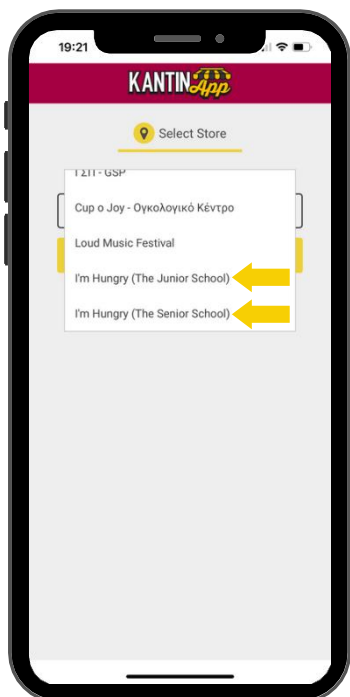

How to order

Step 1: Select your location

Find your Location

In Section, select break time

In Sector, select your year and then click confirm

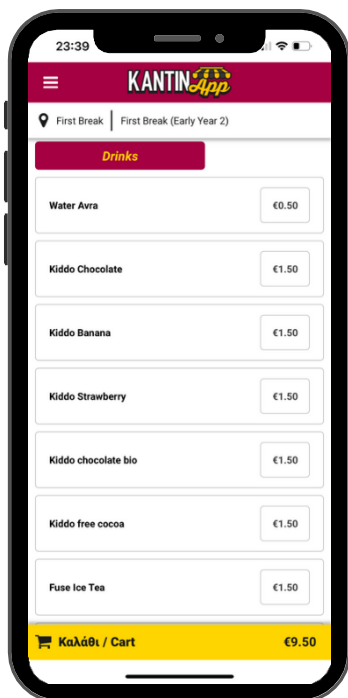

- You can order through Kantinapp up to 5 minutes before each break.
- Only same day orders are available via Kantinapp.

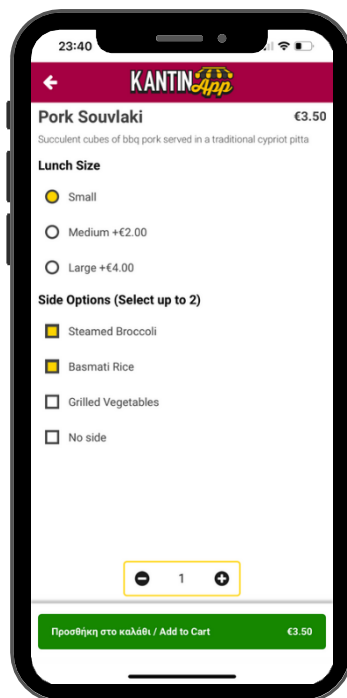

How to order

Step 2: Complete your order

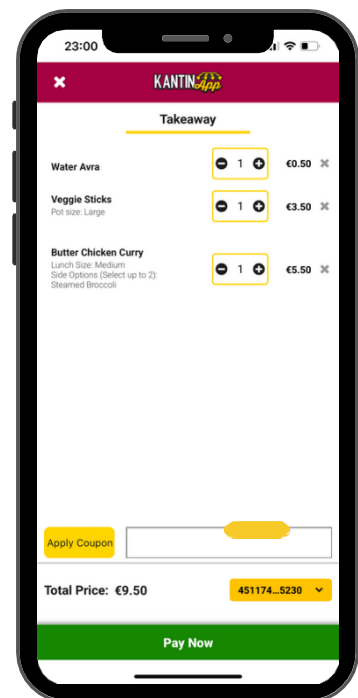

**Check out
our menu**

**Modify
your order**

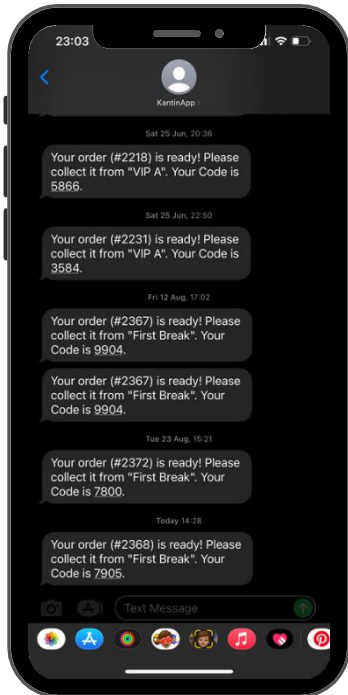

**Complete
your order**

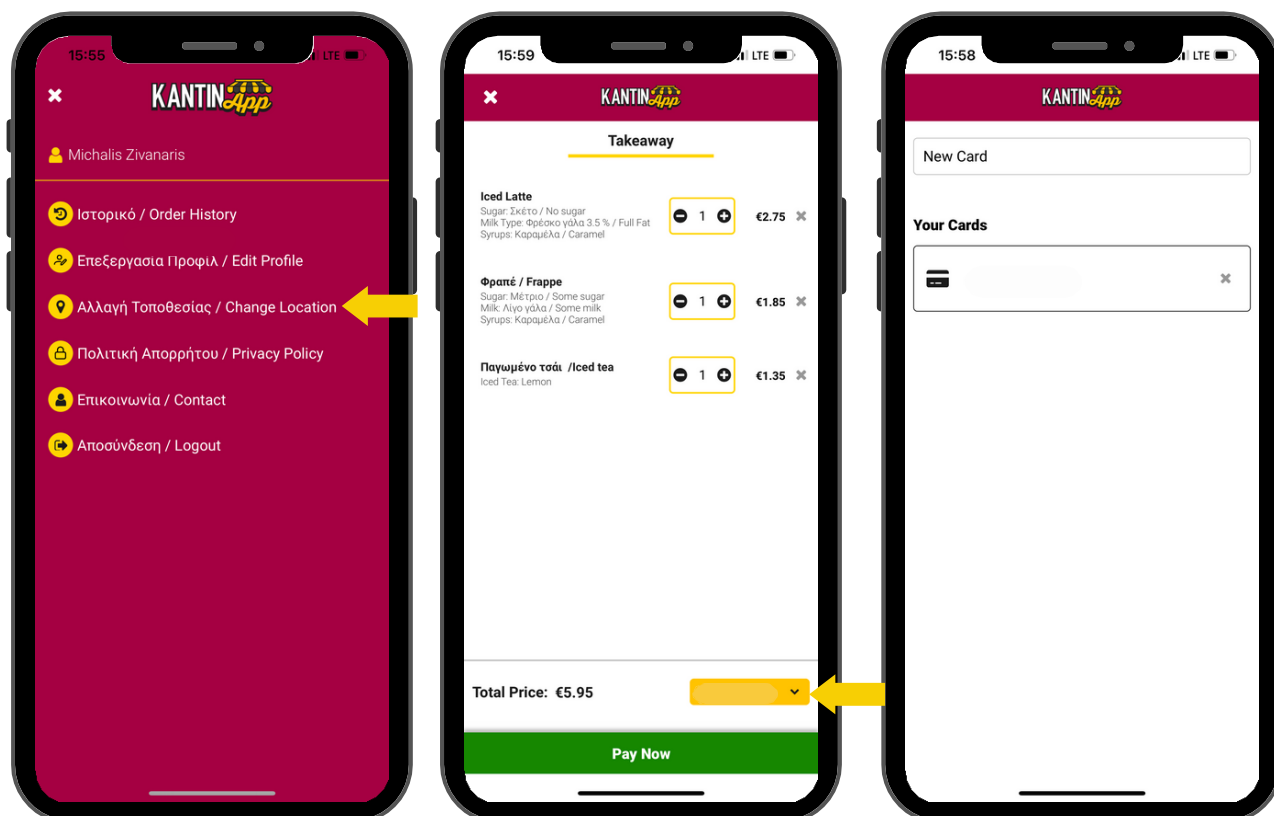

How to order

Step 3: Collect from the canteen

- You will receive an automated message once the orders have been processed.

Other useful information

- To change location, press on the three lines on the upper left corner. Then press "Change Location". You will then be able to select another location.
- Before completing your first order you will have to add a "new card". Once a payment method is added, you can update your card by pressing on the card button at the end of your cart.
- You can contact the Kantinapp Team by pressing on the "contact" button or by sending us an email at info@kantinapp.com.cy
- We value your privacy and take all necessary steps to protect your data. Our Privacy Policy and Terms and Conditions are easily accessible through our app or by visiting our website www.kantinapp.com.cy

FAQ's
