Dear Parents and Carers,

We have enjoyed a wonderful Humanities week this week with activities each day in form time to showcase the work of our students in Humanities subjects. On Monday we were given a chance to appreciate the work of the GCSE Global Perspectives students with a magazine that they had created covering various world issues. Tuesday was Geography day and assembly covered the issue of waste disposal in public areas around Cyprus. On Wednesday Year 12 Religious Studies students presented their work at break time and on Thursday Year 13 History students gave a well-researched and thought-provoking assembly on the Holocaust to mark Holocaust Memorial Day. These events were supported in lessons throughout the week. Thank you to all of our inspiring and enthusiastic Humanities teachers and Mrs. Theodorou for organising the week.

We had a wonderful opportunity to showcase the school on Wednesday evening when we opened our doors to families who are thinking of joining us next year. It was an amazing team effort, with everyone working so hard on the night and the lead up to it. Although it was very different from other Open Evenings due to Covid restrictions, the dedication to the school and 'passion and love' for their subjects (as one parent put it), of the staff was very appreciated by the families. The Sixth Form students who acted as tour guides for the evening were excellent ambassadors for the school. They are clearly so proud of their school and the families were impressed with their confidence, articulacy, and enthusiasm for the school.

We have a lot to look forward to next week with the Greek department organising events for Year 9. They will be joining the online lecture given by Moshe Aelion, one of the few remaining Holocaust survivors and they will also attend a lecture by Dr. Armostis, a linguist who currently teaches at the University of Cyprus. He will be discussing the Cypriot dialect as a part of the Greek curriculum focus on Language and Dialects of the World. Our students are very fortunate to have the opportunity to learn from such experts and I thank the Greek department and Mrs. Zapiti for organising them.

We will continue to have the Test to Stay unit based at school next week. This is only for those students who have been identified as close contacts of positive cases in school and does not replace the normal testing unit who will be in school on Tuesday and Friday next week.

If your children need a rapid test for their SafePass they will need to have a rapid test over the weekend to comply with the protocols.

Mr. Vallance has asked me to pass on this reminder:

Due to the recent bad weather, it has been difficult for students to wear the normal school uniform without the addition of coats and extra layers. We have tried to be flexible and allow for this to keep the students comfortable around the school site. However, with the temperatures seemingly set to rise next week and, hopefully, the effects of the Elpis weather system beginning to abate, we will be

reminding students of the normal uniform requirements and encouraging them to revert to full uniform from Monday.

As always, I wish you all a good weekend!

Kind Regards,

Dr. Beth Ashfield

Acting Senior School Headteacher / Principal
